### Film clips

#### Ysgol Gymunedol Cwmtawe Community School

This series of film clips shows a whole-school approach to carrying out an audit of the curriculum and mapping numeracy against the LNF.

The film is divided into four sections.

1. Mapping the framework to the existing curriculum.
2. Relating the framework to learning zone documentation devised by the school.
3. Using the learning zones to ensure progression.
4. Addressing staff training issues.

#### Ysgol Uwchradd Eirias High School

This film shows a whole-school approach to ensuring progression in literacy. The series of clips focuses on three lessons from different subject areas and shows, that while the teaching is based on the same aspect of the literacy component of the LNF, progression is ensured within that aspect across the year groups. See the Learning Wales website.
