

## **PROOF-READING (100)**

The following is part of an online article about teenagers falling in love. There are **five** errors in it. The errors relate to punctuation, grammar, sentence structure and spelling. Locate and correct them.

### **Why do we fall in love?**

Loving and being loved adds richness to our lives. When people feel close to others they are happier and even healthier. Love helps us feel important understood and secure.

But each kind of love has its own distinctive feel. The kind of love we feel for a parent is different from our love for a baby brother or best friend. The kind of love we feel in romantic relationship's is its own unique type of love.

Our ability to feel romantic love develops during adolscance. Teens all over the world notice passionate feeling of attraction. Even in cultures where people are not allowed to act on or express these feelings, they're still there. Its a natural part of growing up to develop romantic feelings and sexual attractions to others. These new feelings can be exciting — or even confusing at first.
